

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD

CENTRAL VALLEY REGION

TENTATIVE ORDER R5-2020-XXXX

RESCINDING WASTE DISCHARGE REQUIREMENTS ORDER 5-01-277

The California Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board), finds that the Central Valley Water Board adopted the following Order which is no longer applicable for the reasons shown:

- a) Waste Discharge Requirements Order 5-01-277, adopted on 7 December 2001, prescribes requirements for the discharge from Pheasant Landing III (Facility). The Facility is comprised of a wastewater collection system, Orenco Advantex pods and a subsurface disposal area. The Facility is now regulated under Water Quality Order 2014-0153-DWQ (General Order) for discharges to land from small domestic systems with a maximum average daily flow of 100,000 gallons or less. Therefore, it is appropriate to rescind Waste Discharge Requirements Order 5-01-277.

IT IS HEREBY ORDERED that the above Waste Discharge Requirements Order 5-01-227 is rescinded.

I, Patrick Pulupa, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region on <DD MONTH> 2020.
